

SLFRF Compliance Report - SLT-3213-P&E Report-Q1 2022

Report Period : Quarter 1 2022 (January-March)

Recipient Profile

Recipient Information

Recipient UEI	MC6JU39EU5W3
Recipient TIN	356000187
Recipient Legal Entity Name	Porter County, Indiana
Recipient Type	
FAIN	
CFDA No./Assistance Listing	
Recipient Address	155 Indiana Ave
Recipient Address 2	
Recipient Address 3	
Recipient City	Valparaiso
Recipient State/Territory	IN
Recipient Zip5	46383-5502
Recipient Zip+4	
Recipient Reporting Tier	Tier 2. Metropolitan cities and counties with a population below 250,000 residents which received more than \$10 million in SLFRF funding
Discrepancies Explanation	
Is the Recipient Registered in SAM.Gov?	Yes

Project Overview

Project Name: Marquette Greenway Trail

Project Identification Number	02-2.35
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.35-Aid to Tourism Travel or Hospitality
Status To Completion	Completed less than 50%
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$949,706.95
Total Cumulative Expenditures	\$11,552.01
Current Period Obligations	\$949,706.95
Current Period Expenditures	\$11,552.01
Project Description	<p>The Marquette Greenway Trail is an ambitious regional project that, when completed, will provide a hiking and biking trail along Lake Michigan's "south shore" extending approximately 58 miles from New Buffalo, Michigan to Chicago.</p> <p>A major attraction of Indiana's segment is that a portion of the trail will run through the state's first, and so far only, national park, the Indiana Dunes National Park, providing users with a trail experience through a unique ecosystem. Porter County's portion of the Marquette Greenway Trail is being built in different segments and phases utilizing a combination of federal, state, and local funding sources. Porter County's SLFRF allocation toward this project is expected to total up to \$2.5 million in both Expenditure Category 2.35 and the Revenue Replacement category. Phases 3 and 4 of the Marquette Greenway Trail will consist of a 10-foot asphalt trail extending 6.89 miles, generally from the Dune Park train station eastward through National Park Service property. The new trail will replace a portion of the Calumet Bicycle Trail, which runs on a utility easement and which has deteriorated badly over the years to the point that it is now inaccessible in areas. The project includes an improved pedestrian crossing on U.S. 12 and a new crossing at the South Shore tracks. Portions of the trail will be constructed on abandoned roadways. Porter County's project also includes reconstruction of the Calumet Trail from Mineral Springs Road to Dune Park Station on the west and from Lakeshore County Road to Michigan City's Signing Sands Trail on the east.</p>
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$9,000,000.00
Type of capital expenditures, based on the following enumerated uses	Parks, green spaces, recreational facilities, sidewalks
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	12 Imp Travel tourism or hospitality sectors
	As with the rest of the world, Porter County's tourism

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	industry was hit hard by the pandemic. A study by Indiana Dunes Tourism calculated the county's total economic loss at more than \$71 million. Meanwhile, visitation to the Indiana Dunes continued to surge, increasing by about 500,000 in 2020. Porter County's Marquette Trail will provide a vital link in an ambitious regional project, strengthening the local tourism industry and providing another recreational opportunity in the Indiana Dunes.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Originally built in 1972, the Calumet Trail has long been a draw for visitors who wish to hike or bike through the Indiana Dunes. Due to the conditions of the utility license agreement, Porter County began to explore options for the trail's relocation a number of years ago. Now part of an extensive regional effort, the Marquette Trail in Porter County will add to the attraction of the Indiana Dunes, while addressing a growing demand for healthy outdoor recreation in the unique dunes ecosystem.

Project Name: Porter County Govt Premium Pay

Project Identification Number	01-4.1-01
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed
Total Cumulative Obligations	\$877,437.30
Total Cumulative Expenditures	\$877,437.30
Current Period Obligations	\$877,437.30
Current Period Expenditures	\$877,437.30
Project Description	Pursuant to the 2022 Salary Ordinance adopted by the Porter County Council, premium pay of \$4,000 was awarded to certain eligible full-time county government workers who performed essential work during the COVID-19 pandemic.
Sectors Designated as Essential Critical Infrastructure Sectors	Emergency response; sanitation, disinfection and cleaning; maintenance; public health
Number of workers to be served	191
Premium Pay Narrative	The 2022 Salary Ordinance adopted by the Porter County Council awarded premium pay of \$4,000 to certain groups of eligible employees performing essential work during the COVID-19 pandemic. Specifically, the premium pay was awarded to non-exempt employees in the following positions or departments: Sheriff merit officers, jailers, Juvenile Detention Center officers, and with the exception of administrative staff, employees in the Emergency Management Agency, Health Department, and Facilities Department. For purposes of this policy, "administrative" was construed to mean positions that do not mainly consist of direct interaction with members of the public or maintenance of county facilities; in other words, employees who primarily work in clerical, bookkeeping, or other desk jobs. Eligibility was limited to full-time, non-exempt employees who did not work remotely in 2021 and whose salaries met the wage threshold as established in the Final Rule. Further, the Council's directive limited the premium

	pay to only those employees who were on full-time status in 2021 and who continued to be on full-time status in the pay period when the premium pay was awarded. The Porter County Auditor's Office determined that 191 employees met the qualifications, per the Final Rule and per the County Council's policy. The premium pay, and associated PERF and FICA payments, were awarded with the March 4 payroll.
Number of workers to be served with premium pay in K-12 schools	0

Subawards

Subaward No: 02-2.35-01

Subaward Type	Contract: Delivery Order
Subaward Obligation	\$896,000.00
Subaward Date	10/12/2021
Place of Performance Address 1	155 Indiana Avenue
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Valparaiso
Place of Performance State	IN
Place of Performance Zip	46383
Place of Performance Zip+4	
Description	This contract is for design work for Porter County's portion of the Marquette Greenway Trail, which is part of a trail network that will extend from Michigan to Illinois. This section of the trail, known as Phases 3 and 4, will extend for 6.89 miles through the Indiana Dunes National Park, replacing an existing trail that has long needed renovation. The new trail will provide the public with a safe and accessible hiking and bicycling trail through the unique Indiana Dunes ecosystem. The trail will augment the local tourism industry, which has been negatively impacted by the COVID-19 pandemic, while addressing the growing demands by the public for outdoor recreation.
Subrecipient	Short Elliott Hendrickson Inc
Period of Performance Start	10/12/2021
Period of Performance End	12/31/2024
Primary Sector	Other
Purpose of Funds	For professional services to design the Marquette Greenway Trail, including environmental compliance, topographic survey, geotechnical engineering, design development, and permitting.

Subaward No: 02-2.35-02

Subaward Type	Contract: Delivery Order
Subaward Obligation	\$53,706.95
Subaward Date	9/11/2020
Place of Performance Address 1	155 Indiana Avenue
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Valparaiso

Report

Revenue Replacement

Is your jurisdiction electing to use the standard allowance of up to \$10 million, not to exceed your total award allocation, for identifying revenue loss?	Yes
Revenue Loss Due to Covid-19 Public Health Emergency	\$10,000,000.00
Were Fiscal Recovery Funds used to make a deposit into a pension fund?	No
Please provide an explanation of how revenue replacement funds were allocated to government services	At the current time, the plans for use of the revenue replacement funds are still under review. It is anticipated that Porter County will use a portion of this category as the required match toward federal funds awarded for the Marquette Greenway Trail.
