

2022 Salary Ordinance

Prepared by the Porter County Auditor's Office

2022 SALARY ORDINANCE

BE IT ORDAINED by the County of Porter that for the expense of salaries and wages for the County and its institutions for the year ending December 31, 2022, the following sums of money are hereby ordered set apart out of the funds herein named, subject to the laws governing the same.

The Porter County Salary and Wage Ordinance (the “ordinance”) sets the annual compensation amounts and hourly rates as adopted by the Porter County Council for all positions in each department. This ordinance identifies the amounts paid from each county fund from which employees are compensated.

When filling vacant positions, Porter County department heads may determine that a position warrants lower compensation than adopted by ordinance. The Porter County Council grants department heads the authority to fill vacant positions up to, but not exceeding, the stated pay level without first receiving Council approval, provided that:

1. Department heads notify the Porter County Auditor’s Office that they are exercising their option to fill a vacant position at a lower pay level by submitting an Employee Status Change form that includes a proposed Form 144 with the reduced compensation.
2. Department heads follow existing policy by filling new positions only at the start of a new pay period and by submitting the Employee Status Change form in compliance with deadlines enacted by the Auditor’s Office.
3. Department heads submit their proposed Form 144 to the Porter County Council’s office for consideration at the next available meeting.
4. In the event the council rejects the revision, the originally adopted pay level will apply, effective with the next available pay period, unless the council sets the salary at an alternate amount.

2022 Premium Pay and Stipend

Subject to the appropriation approval by the Porter County Council, certain full-time eligible employees will receive premium pay of \$13 per hour, up to a maximum of \$4,000, in budget year 2022. The premium pay will be awarded to certain eligible employees as defined in the Interim Final Rule of the Coronavirus State and Local Fiscal Recovery Funds established under the American Rescue Plan Act. The premium pay will be limited to certain employees who provided essential services in calendar year 2021 and who remained employed full-time by Porter County Government as of the pay period for which the premium pay is awarded. Eligibility is limited to the following: Sheriff merit officers, jailers, Juvenile Detention Center officers, and with the exception of administrative staff, employees in the Emergency Management Agency, Health Department, and Facilities department. The Porter County Council will make the final determination as to the eligibility of employees, timing of payment(s), and any other related matter. The premium pay will be funded through the Porter County ARP COVID Fiscal Recovery Fund, subject to Porter County Council approval of the necessary appropriation(s).

Subject to the appropriation approval by the Porter County Council, certain full-time employees and elected officials not granted premium pay will receive a one-time stipend of \$3,000 in budget year 2022. The stipend will be awarded to full-time employees who worked in calendar year 2021 and who remained employed full-time by Porter County Government as of the pay period for which the premium pay is awarded. The Porter County Council will make the final determination as to the eligibility of employees, timing of the payment(s), funds to be utilized, and any other related matter.

The following elected officials will receive the \$3,000 stipend in addition to the compensation amounts listed in this ordinance in 2022: County Assessor, County Auditor, County Clerk, County Commissioners, County Coroner, County Council, Portage Township Assessor, County Recorder, County Sheriff, County Surveyor, and County Treasurer.
